

Dear Mom + Dad,

13 May 68

Monday

Well, here I am in the garden spot of southeast asia. I took my first overnight trip out in the boonies last night. It would have been more fun but we had to carry 12 magazines of ammo two hand grenades a claymore mine and one smoke grenade. All of this isn't too bad because from what I understand there are wild animals and things of that nature in the jungle. As I said ~~earlier~~ earlier, it would have been fun, but mother nature just didn't see it our way. It rained all night.

I finally found out what unit I am going to. My unit is the 2nd of the 35th at Kontum. It is too bad I didn't get the 1st Colo. This division isn't as good. This is the same division Wayne is in. I guess Toran Khing is right here at Pleiku but I haven't seen him.

I will be leaving for my unit tomorrow sometime. It makes me a little mad because they split me and my buddies up here.

We are together now but we are all

going to different units tomorrow. I know where I am going but I still don't know what my address will be.

Well, since there is nothing more to write about I guess I will have to end here.

I will write again as soon as something happens that I can write about, and I will ~~not~~ probably include my address in my next letter.

Love
Bob
