

Dear Mom - Dad,

24 May 68

I hope these pictures turn out. That is the end of my film and there isn't any place around here I can get more. There are so many interesting things around here to take pictures of. The next roll I take I will have some pictures of the local people, (I hope). I had a lot of chances to take pictures before of people but I didn't want to waste the film.

Love
Bob

P.S. I have had the same pair of socks on now for six days. I don't know when I will be getting clean ones. We can change cloths once a week and we got clean fatigues today but no socks.
